DETAILED ACTION

Allowable Subject Matter

1. Claims 1-61 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 14, 27, 41, 48 and 54, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in the claims: a second switching device connected to the cell in parallel with the first switching device for controlling a current applied to the cell in response to the data voltage, and specifically comprising the limitation of a first and second capacitors for storing the data voltages transmitted by the third switching device through the fourth and fifth switching device while maintaining the first data voltage for one frame period.

Regarding claims 2-13, 15-26, 28-40, 42-47, 49-53 and 55-61 are allowable for the reason given in the claims because of their dependency status from the claims 1, 14, 27, 41, 48 and 54.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
